Datasheet

Sage Intacct Learning Membership

Giving organizations access to continuous on-demand learning for one fee

With the Sage Intacct Learning Membership, you easily and cost-effectively engage in continuous learning to get the most value from your software. The Learning Membership gives everyone in your organization on-demand access to Sage Intacct courses for one fee. As a cloud solution, you have access to learning anytime, anywhere.

- All employees within an organization have access to a full library of on-demand offerings, no matter their role.
- All employees within an organization have instant access as needed to new on-demand courses and product releases.
- You have peace of mind that all employees have full access to the knowledge they need to successfully use Sage Intacct applications.
- Organizations have the best opportunity to fully utilize top new features and functionality as they are released.
- Get just-in-time learning opportunities at every step of an employee's learning journey.
- Access content as many times as needed.
- Maintain a predictable yearly budget for cost effective learning.

- Lower the cost and management time required to train all employees.
- Save money over purchasing individual courses for individual users.

Courses may include:
- **Student workbook**
- **Hands-on activities**
- **One lab environment per course**
- **Instructor Q&A support**
- **CPE credits**
